Note: Consult TDS & SDS Prior to Using

The Allureglow USA AA Series Goal Post Paints are 100% High Solids Acrylic Waterbased Paints. These Paints are formulated using the Highest Quality Resins and Pigments available, which greatly enhance the durability and are very user friendly, do to their Waterbased Formula, which makes for easy clean up. The AA Series Goal Post Paints can be Brushed, Rolled or Sprayed Applied. Because these paints are considered transparent, you must use our AA-1000-WP White Primer as an Underbase prior to applying the AA-1000-GP Paint, not doing so will result in the poor vibrancy of the Finished Color. When applying, use 2-3 Lite to Medium Coats for Best Results. Once the AA Series Goal Post Paint has Dried, the AA-1000-CC should be applied in 1-2 Coats, Not doing so will greatly reduce the Durability of Goal Post Paint.

The AA Series Goal Post Paints are proudly manufactured in the USA and are available in Quarts, Gallons and Five Gallon Containers

Any application not referenced in the Technical Data Sheet should be pre-tested prior to any application.
